

1st Smart Village Network (SVN) Meeting 5-7 February 2019, Ellivuori, Finland

Draft Agenda

Purpose of the meeting:

- Supporting cooperation between villages and village groups/associations on the concept of smart villages
- Providing an update on the state-of-play of 'smart villages' in the various Member States, planned activities and ideas for cooperation;
- Gaining feedback from members on the existing structure, scope, objectives and activities of the Smart Village Network (SVN);
- Jointly developing a Smart Village Network Declaration on what 'smart villages' means to the members of the network (reflecting on the draft definition of the European Commission);
- Planning future cooperation activities of the network and next steps.

Participation:

The cooperation sessions in the afternoon of 5 February and the field visit on 6 February are open to representatives of all villages, village groups/associations and supporters of smart villages.

The afternoon session on 6 February and the morning session of 7 February are dedicated to registered Smart Village Network members. The Smart Village Network is an open bottom-up network of villages. If you are interested in becoming a member please contact us at info@smart-village-network.eu and we will inform you about our activities and ways of joining the network.

The event is free of charge (including field visit), however, participants are expected to cover their own travel and accommodation costs, and costs of some of the meals.

Venue:

Ellivuori Resort in Finland (www.ellivuoriresort.fi)

Supporters/organisers:

The meeting is organised by the Animation Team of the Smart Village Network and supported by the Finnish Village Movement and the Finnish National Rural Network.
